

Wulftec SMH150 Semi Automatic Pallet Wrapping Machine

The Wulftec SMH150 semi automatic stretch wrapping machine is a high profile, robust and powerful wrapping machine capable of withstanding the worst conditions.

The SMH150 is designed to be used where only forklifts dare, wrapping at speeds of up to 16RPM. Fast and efficient wrapping process, combined with Wulftec 200% powered pre-stretch film delivery system.

A great utility for the harshest conditions.

Backed up by FROMM Packaging Australia, rent or purchase options, the SMH150 delivers for the Australian industry. All equipment is supported by our on-site mobile service team and spare parts are readily available.

Machine Stretch Film

FROMM premium films can reduce the cost to wrap a pallet whilst maintaining the all important containment forces needed to maintain the security of your goods whilst stored and transported. Ask your FROMM expert for their guidance.

**FROMM
ADVANTAGE**

- FROMM 2 year warranty

★ Technical Specifications

Capacity:

Max. Pallets per Day: 160

Pallet Size:

Width (mm): 1050

Length (mm): 1050

Max. Height (mm): 2000

Max. Weight (kg): 1800

Turntable:

Speed (RPM): 16

Diameter, octagon (mm): 1295

Height (mm): 335

Film Tension:

Max. Pre-stretch (%): 200

Film Specification:

Width (mm): 500

Power Supply:

240V, Single Phase, 50 Hz

Operating Conditions:

Temperature range (°C): 0 - +40

Machine Options:

Extended mast up to 3200mm

Extended base

Wash down motors for wet or corrosive environment

Steel it Paint - rust protection coatings available
